A NEW NAME

For 13 years, Music & Play has been YOUR music studio, and starting July 1, we become THE MUSIC STUDIO. This change reflects what we have become to our community and to our continued commitment to leadership in the industry. The Music Studio is the perfect description of who we are to Calgary and surrounding area, what we have done, and what we will continue to be into the future. But don't worry, while the name is changing a bit, we are still the same great people committed to making you number one, and music education in Calgary the best it can be!

A NEW HOME

And with a new name comes (drum roll please) ... A New Location! To better serve our students, their families and music education in Calgary, we will be moving our Studio across 16 Avenue (only 5 blocks away) and building out a new ground floor studio in the Medicine Hill/Trinity Hills development.

While searching for our new home, we learned the following and knew that it was the right, and perfect, place for us and our families: "in the Blackfoot culture, Medicine Hill (Aiss ka pooma) is recognized as a place you return to annually for renewal. Rife with medicine, the buffalo and Blackfoot people would continually return to the slopes to sustain themselves." We look forward to moving The Music Studio to this land and building on this rich history and tradition as our students and families return every year to grow and sustain themselves through music and the arts.

We will be working on the relocation to our new studio location throughout the summer and will open the doors of our new location (at 1005 Na'a Drive SW) in mid-August - with fall classes beginning on August 29. This new location includes unlimited covered parking, close proximity to shopping, COP & more.

Thank you for your support of Music & Play and our faculty over the years - we look forward to welcoming you all to our brand-new location (right across the street) in August! -- @musicandplay.ca -- we build great people.

for all ages & all stages.  we build great people.
